## Ultra-Slim Smart Full HD LED TV

With Ambilight 2-sided

The Philips 7100 series Smart LED TV has an extremely narrow bezel with diamond-cut trim that will capture your heart. But it's more than just good-looking: it's fully loaded with features like Ambilight, 3D, Skype™ and more.

### Light up your life. Love it. Live it.

- Ambilight changes the way you look at TV forever

### A TV that's more than Smart — it's beautiful

- Extremely Narrow bezel: defining your viewing experience
- Ultra-Slim lines for a refined profile

### A picture so real, you'll forget it's TV

- Pixel Precise HD Engine: discover vivid Picture Quality
- 600 Hz PMR for flawless moving images
- 3D realistically takes you places you've never been before

### Connect, communicate, record and share

- Smart TV: a whole new world to explore
- MyRemote app: the Smarter way to interact with your TV
- Wi-Fi Miracast™—mirror your smartphone screen on your TV
- Cloud TV and Cloud Explorer bring worlds together
- Multiroom TV—share live TV and recordings between TVs

**PHILIPS**

# Highlights

## Ambilight 2-sided

You've created a home that's more than just a house, so why not choose a TV that is warm and inviting too? Philips' unique Ambilight technology makes your screen much wider—and your viewing experience more immersive—by projecting an extra-wide glow from two sides of your TV screen onto the surrounding wall. Colour, vibrancy and excitement move beyond the screen and into your living room, bringing with them a more thrilling, intense and immersive viewing experience.

## Ultra-Slim profile

Sleek. Cutting edge. Refined. Precise. The Philips Ultra-Slim silhouette. That something so slim can inspire so much interest shouldn't be surprising, given how much sophistication it will bring to your décor.

## Extremely Narrow bezel

Good design tells a story. Take for example the precision crafted front bezel made from brushed aluminium with a polished metal edge that is so slim and discreet it creates a razor-sharp line outlining your screen, and optimising your viewing experience.

## Pixel Precise HD

The Philips Pixel Precise HD Engine brings the world to you. Experience your favourite nature and travel programmes in vivid clarity. Drenched in colour and high contrast thanks to deeper blacks and brighter whites, you'll explore new frontiers without ever leaving your sofa.

## 600 Hz Perfect Motion Rate

Nothing beats the adrenaline rush of gaming, fast-paced sporting events or action films. That's why this Philips TV has 600 Hz Perfect Motion Rate; so you'll enjoy flawless moving images. Because even though your pulse may jump, the image you're watching shouldn't.

## 3D

Enjoy hours of viewing comfort thanks to passive 3D technology that delivers high-quality 3D. Convert any 2D content into vivid and flawless 3D. The stylish, lightweight 3D glasses are comfortable to wear and do not require batteries.

## Smart TV

Discover a Smarter experience that lies beyond traditional TV. Rent and stream movies, videos or games from online video stores. Watch catch-up TV from your favourite channels and enjoy a growing selection of online apps such as YouTube. Connect to family and friends with Skype™, Facebook and Twitter.

## MyRemote\*

Control your Philips TV directly from your Smart device. With the MyRemote App it's never been easier to share content from your Smart device to your TV (SimplyShare), pull digital broadcast TV onto your tablet (Wi-Fi Smart screen) or stay up to date thanks to the TV Programme Guide, which lets you choose programmes to watch or record and view later.

## Wi-Fi Miracast™\*

Mirror what you see on your smart device and share it with friends and family on your TV.

From photos to videos, games and more, mirror anything from your smartphone and tablet to your big screen with a simple command.

## Cloud TV\* and Explorer

Because you're unique, we think the way you watch TV should be too. With its constantly growing selection, Philips Cloud TV lets you choose from hundreds of TV channels from around the world. Cloud Explorer makes sharing with friends near and far easy by allowing you to access your Dropbox™ account via your TV, letting you view your content on the big screen.

## Multiroom client and server

Break free of traditional broadcasting. Acting as a server, your Philips Smart TV has the power to connect to another TV on the same Wi-Fi network. Once connected, you can share digital broadcast TV and recordings from this TV to a client TV, all without laying new cables or spending money on multiple subscriptions.

## Energy

For many years Philips has pro-actively been working on energy efficiency. As a result, most Philips products have achieved green energy labels. The greener the label, the lower the energy consumption, the lower your energy bill and the friendlier for the environment.

# Specifications

\* MyRemote app and related functionalities varies according to the TV model and country, as well as smart device model and OS. For more details, please visit: [www.philips.com/TV](http://www.philips.com/TV).

\* For smart TV app, visit [www.philips.com/TV](http://www.philips.com/TV) to discover the services offered in your country

\* Cloud TV offering depends on country availability and regulations

\* Compatibility depends on Wi-Fi Miracast certification and Android 4.2 or later. For more details please refer to your device documentation.

\* USB recording for digital channels only, recordings may be limited by broadcast copy protection (CI+). Country and channel restrictions may apply.

\* Philips TV camera (PTA317) is sold separately.

\* Parents should monitor their children during 3D viewing and ensure they do not experience any discomfort as mentioned above. Watching 3D is not recommended for children under 6 years of age as their visual system is not fully developed yet.

\* The TV supports DVB reception for 'Free to air' broadcast. Specific DVB operators may not be supported. An up to date list can be found in the FAQ section of the Philips support website. For some operators Conditional Access and subscription are required. Contact your operator for more information.

\* Energy consumption in kWh per year based on the power consumption of the television operating 4 hours per day for 365 days. The actual energy consumption will depend on how the television is used.

\* (Philips) only compatible with specific Philips player device.

\* EPG and actual visibility (up to 8 days) is country- and operator-dependent.
